**WEEKLY UPDATE**

**12/30/20**

Dear Residents and Families/Representatives,

Please accept this letter as our weekly update regarding the status of COVID-19 in our facility. Since the onset of this virus, we have had 68 residents and 39 staff members test positive for COVID-19. All Positive Residents have recovered and 38 staff members are back at work.

We are excited to report that we had our first COVID-19 vaccination clinic yesterday. We had 33 residents and 7 staff members receive the vaccine. We have two more clinics scheduled. It's not too late to notify the facility you give us approval for your love one to receive the vaccine.

The visitation for the holidays will continue with visits at the windows of the resident's room or at the window in the Dining Room by appointment only.

As always, we are working hard to keep everyone in our community safe and we will continue to practice the enhanced safety precautions that are known to prevent the spread of COVID-19, such as only essential personnel are allowed inside the facility and we screen them for signs and symptoms of illness prior to entering. Our residents are continually monitored and staff is using PPE as recommended by the CDC. Staff is frequently reminded and encouraged to practice social distancing and to use hand sanitizer and frequently wash their hands when they are in the facility and out in the community. We ask them not to report to work if they have symptoms of illness.

Please continue to check our website for weekly updates as well as notification of new cases. As always, we will notify you if we receive confirmation of a new positive case in our facility and we will reach out to you individually if your loved one is displaying symptoms of COVID-19 or tests positive for COVID-19. If you have any questions or concerns please contact us directly at 864-503-0377.

Sincerely,

*Pat Harris, RN-NHA*
