## NOTIFICATION OF NEW CASES

**08/20/20**

Dear Residents and Families/Representatives,

After we provided you with our weekly update and notified you of new cases yesterday, we received results from last week's mass testing confirming that 32 residents and one staff member tested positive for COVID-19. As such, a total of 46 residents 10 staff members have tested positive for COVID-19 since the onset of this pandemic.

While we are disappointed to see the increased number of cases in our facility, we knew that our numbers would likely go up as a result of mass testing. Rather than be discouraged by more known cases, we are encouraged that access to testing is improving our ability to respond to this virus and will enable us to protect our residents and staff in a more targeted way moving forward.

We are committed to seeing the number of positive cases in our facility go down and we will continue to implement and practice the enhanced safety precautions recommended by our federal, state and local health officials that we previously reported to you. Please continue to check our website for weekly updates as well as notification of new cases. As always, we will notify you if we receive confirmation of a new positive case in our facility and we will reach out to you individually if your loved one is displaying symptoms of COVID-19 or tests positive for COVID-19.

If you have any questions or concerns please contact us directly at 1-864-503-0377.

Sincerely,

*Pat Harris*
